ASSIGNMENT OF INTERNATIONAL PATENT RIGHTS

WHEREAS, XL GENERATION A.G., a Swiss Corporation, having its principal place of business at 32, Sumpfstrasse, CH-6304 Zug 4158, Switzerland (hereafter the "Assignor") is the owner of record by executed assignment of all rights, titles and interest in and to the inventions and technologies identified above, relating to at least some of the worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto (depending on country, and depending on the examination and/or grant stage of each patent application and patent); and

WHEREAS Assignor is desirous of transferring the entire rights, titles and interest in and to the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, along with the entire rights, titles and interest in and to any additional worldwide patents which may result from, or may be obtained pursuant to or upon, the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, to WKF/5 LTD, a Corporation constituted under the laws of the Republic of Malta, having its principal place of business at 60/2, Melita Street, Valletta VLT 12, Malta (hereafter the "Assignee").

WHEREAS, Assignee is desirous of acquiring the entire rights, titles and interest in and to the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, along with the entire rights, titles and interest in and to any additional worldwide patents which may result from, or may be obtained pursuant to or upon, the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, from Assignor.

NOW THEREFORE, for and in consideration of the sum of ONE DOLLAR (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over unto Assignee, its successors, legal representatives and assigns, the entire rights, titles and interest in and to the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, along with the entire rights, titles and interest in and to any additional worldwide patents which may result from, or may be obtained pursuant to or upon, the inventions, technologies, worldwide patent applications and/or worldwide patents identified in Exhibit A attached hereto, including any and all divisions, continuations, continuations-in-part, reissues, substitutes and/or extensions of said worldwide patents and patent applications, and all rights under the International Convention for the Protection of Industrial Property, the same to be held and enjoyed by Assignee to the full end of the term for which said patents are granted and any extensions thereof, as fully and entirely as the same would have been held by Assignor, had this Assignment and sale not been made;

Best Available Copy

- 2 -

Assignor hereby covenants and agrees to execute all instruments or documents required or requested for the making and prosecution of said worldwide patent applications and/or patents, for litigation regarding, or for the purpose of protecting title to the said inventions, technologies, worldwide patent applications and/or patents, and to transfer title of same, to Assignee or for the benefit of Assignee, without further compensation than that set forth above;

Assignor hereby covenants that no assignment, sale or agreement or encumbrance has been or will be entered into which would conflict with this Assignment;

Assignor hereby requests the applicable worldwide Patent Offices to issue said patents to Assignee and record transfer of ownership of any issued patents to Assignee; and Assignor hereby assigns, transfers and sells to Assignee all rights to take and prosecute legal action against, and to obtain all recoveries from, any and all past and future infringements of the above-identified rights in and to said inventions, technologies, worldwide patent applications and worldwide patents occurring prior to this Assignment. This Assignment shall be effective *nunc pro tunc* to December 1, 2004.
